

INTRODUCING THE ALL-NEW

FAIRPLAY

HV

Introduction:

The all NEW Fairplay GOAT HV is the first lifted Electric Vehicle offered by Fairplay and sold exclusively through our dealer network. The GOAT HV is available in black and green "camo". Your customers will appreciate the tremendous eye appeal backed with the attention to detail you have come to expect from Fairplay. Electrical connections are water tight, the exposed hardware is stainless steel and the "extras" you see in the photo above are standard features on the GOAT HV.
