

2008 FAIRPLAY
ZX SERIES

TAKE ANOTHER PATH™

ALL FAIRPLAY CARS ARE BUILT WITH ADVANCED MOTORS & DRIVES COMPONENTS PROVEN TO OUTLAST AND OUTPERFORM

HIGH FREQUENCY CHARGERS

These chargers allow batteries to obtain the highest level of charge achievable (maximizes battery life) and are also 60% lighter for better mobility. These chargers feature full on board error code detection and reporting with a drip-tight enclosure. The chargers have 6ft input and 12ft output power cables for ease of reach in most locations.

DEPENDABLE MOTORS

The 4.0HP and 5.5HP motors have the most stock horsepower offered and the first thermal detection sensor in the industry. All motors are built to Class H insulation specifications and are UL listed.

All motors are built with:

- Sealed bearings with high temperature grease.
- All brass hardware.
- Heavy duty commutator construction.
- Stainless steel brush springs.

PROGRAMMABLE CONTROLLERS

The controllers allow the customer to customize the performance of their vehicle on an individual basis for optimum performance over various terrain. Change the settings for acceleration, top speed, reverse speed and regenerative braking power. These controllers feature full on board error code detection and reporting, high/low battery indication, reverse speed limit reduction (for safety) and are fully potted for heat, water and vibration resistance.

FEATURED
COMPONENTS

EXTERIOR COLOR OPTIONS

UPHOLSTERY OPTIONS

FEATURES

- 48 Volts
- AMD 5.5 HP Motor with Regenerative Braking
- AMD 300 Amp Programmable Controller
- AMD High Frequency Battery Charger
- T-875 Trojan Batteries
- Battery Charge Indicator
- 48 Volt - 12 Volt Converter
- 12 Volt Accessory Plug
- Lighting Package (Front, Rear, Turn Signal, Horn)
- Plastic Burlwood Package (Dash, Steering Wheel, Seat Back)
- Ultraguard™ Body Design (Impregnated Poly-Propylene)
- Available in 6 colors (Automotive Paint /Clear Coat Finish)
- Duralife™ Upholstery in Tan or White
- Plastic Bottom Support in Seat
- Reverse Warning Indicator
- 10" Tires and Wheels
- Custom Hub Caps
- Functional Front and Rear Bumper
- Canopy with Hand Grips
- Golf Ball Storage on Both Sides
- Stainless Steel Supports & Sweater Basket
- Rear Body Scuff Guards
- Battery Storage Tray

ZX4.0™

EXTERIOR COLOR OPTIONS

UPHOLSTERY OPTIONS

FEATURES

- 48 Volts
- AMD 4.0 HP Motor with Regenerative Braking
- AMD 300 Amp Programmable Controller
- AMD High Frequency Battery Charger
- T-875 Trojan Batteries
- Battery Charge Indicator
- 48 Volt - 12 Volt Converter
- Lighting Package (Front, Rear, Turn Signal, Horn)
- Ultraguard™ Body Design (Impregnated Poly-Propylene)
- Available in 6 colors (Automotive Paint /Clear Coat Finish)
- Duralife™ Upholstery in Tan or White
- Plastic Bottom Support in Seat
- Reverse Warning Indicator
- 10" Tires and Wheels
- Custom Hub Caps
- Functional Front and Rear Bumper
- Canopy with Hand Grips
- Golf Ball Storage on Driver and Passenger Side
- Large Sweater Basket
- Rear Body Scuff Guards
- Battery Storage Tray

FEATURES

- 48 Volts
- AMD 4.0 HP Motor with Regenerative Braking
- AMD 300 Amp Programmable Controller
- AMD High Frequency Battery Charger
- T-875 Trojan Batteries
- Battery Charge Indicator
- Ultraguard™ Body Design (Impregnated Poly-Propylene)
- Available in 3 colors (Automotive Paint /Clear Coat Finish)
- Duralife™ Upholstery in Tan or White
- Plastic Bottom Support in Seat
- Reverse Warning Indicator
- 10" Tires and Wheels
- Custom Hub Caps
- Functional Front and Rear Bumper
- Canopy with Hand Grips
- Golf Ball Storage on Driver and Passenger Side
- Large Sweater Basket
- Rear Body Scuff Guards
- Battery Storage Tray

UPHOLSTERY OPTIONS

Available as 5.5 or 4.0
(4.0 shown above)

EXTERIOR COLOR OPTIONS

UPHOLSTERY OPTIONS

FEATURES

- 48 Volts
- AMD 4.0 HP Motor with Regenerative Braking
- AMD 300 Amp Programmable Controller
- AMD High Frequency Battery Charger
- 8 X 6 Volt Trojan Batteries
- Battery Charge Indicator
- 48 Volt -12 Volt Converter
- Lighting Package (Front, Rear, Turn Signal, Horn)
- Ultraguard™ Body Design (Impregnated Poly-Propylene)
- Available in 6 colors (Automotive Paint /Clear Coat Finish)
- Duralife™ Upholstery in Tan or White
- Plastic Bottom Support in Seat
- Reverse Warning Indicator
- 10" Tires and Wheels
- Custom Hub Caps

- Functional Front and Rear Bumper
- Canopy with Hand Grips
- Golf Ball Storage on Both Sides
- Battery Storage Tray
- Accommodates 6 people

5.5 Package Includes

- AMD 5.5 HP Motor with Regenerative Braking
- Stainless Steel Supports
- Plastic Burlwood Package (Dash, Steering Wheel, Seat Back)
- 12 Volt Accessory Plug

EXTRA DUTY

FEATURES:

- 48 Volts
- AMD 6.5HP Motor (high torque-low speed)
- Thermal protection
- AMD 400 Amp Controller
- AMD High frequency Battery Charger
- 8x6 Volt T-105 Trojan Batteries
- Battery Charge Indicator
- 58" x 44" Steel flat bed (with side rails that drop and lock)
- Modified chassis to handle extra load

- 1500 lb (681 kg) total vehicle capacity
- 1000 lb (499.4 kg) total bed capacity
- Four Wheel hydraulic brakes (front disc / rear drum)
- Lighting Package (Front, Rear, Horn)
- Ultraguard™ Body Design (Impregnated Poly-Propylene)
- Available in Black (Automotive Paint /Clear Coat Finish)
- Gray Duralife™ Upholstery
- Plastic Bottom Support in Seat
- Reverse Warning Indicator
- 10" wheels with heavy duty Tires
- Custom Hub Caps
- Functional Front and Rear Bumper
- Options:**
- Split Windshield
- Canopy with Hand Grips
- Available in other colors

Utility Box Options:

- House Keeping / Linen**
- Custom Aluminum Enclosed Cargo box
 - 56" x 46" x 40"
 - Double-doors (lockable) with inside shelf
 - Out-riggers for easy removal

- Catering / Food**
- Custom Aluminum Enclosed Cargo Box
 - 56" x 46" x 40"
 - Double-doors (lockable)
 - Inner rack-mount shelving for food tray storage
 - Out-riggers for easy removal

Applicable for both...

- Additional double-doors can be added
- Additional shelving can be added
